Frequently Asked Questions

Q: Is Python suitable for beginners?

A: Yes. The Python Programming course starts from the basics and does not require previous programming experience.

Q: Do you provide certificates?

A: Yes. Students who complete the course and required project receive a course completion certificate.

Q: Are online classes available?

A: Selected batches are available online. Students should confirm availability with the counselling team.

Q: Can I change my batch?

A: Batch changes are subject to seat availability and approval from the institute.

Q: How can I contact the institute?

A: Call +91 98765 43210 or email info@smartlearn.example.
